

SafMed Urinal & Bed Pan Covers

SafMed Urinal and Bed Pan covers provide an important aspect of infection prevention by providing a barrier to prevent spilling. They also act as a modesty cover for bedpans and urinal bottles containing human waste. Urinal Covers and Bed Pan Covers offer complete coverage to help with discrete disposal. Both products are disposable or flushable - they do not need to be removed before sluicing.

Features:

- Facilitates "clean" transport to the disposal area
- Assists infection prevention
- Easy and Safe to use
- Disposable / Flushable Paper (Machine Glazed, Bleached)
